9. [] LLM) Robert Hull, Department of State, called on our retirement legislative proposals which were in the Department for comment to the Office of Management and Budget. I explained some of the legislative history of the transfer of Government contributions provision which Hull was unaware of. Hull felt we had a nice tight legislative package and gave every indication that the Department would favorably comment by the 2 August deadline set by the Office of Management and Budget.

Mr. Hull was particularly interested in what reaction we received on our funding proposals, and I told him as in the past we would keep him advised on developments.

10. [] JMM) Ed Braswell, Chief of Staff, Senate Armed Services Committee, called to say that Senator Stennis was particularly interested in an unclassified history of the U-2 program to be included in the package of backup material we are providing the Senator for the current military authorization debate.

Braswell raised as more or less a hypothetical question the matter of who should defend our Laos operation from the policy standpoint if this should come up in the debate. I noted that even though it was an Agency program, since the Agency did not recommend policy, it would hardly be appropriate for the Agency to defend the initial decision. I said this was one we would have to think about.

25X1

11. [] JMM) During a conversation at a social gathering, discussed with Representative John Moss several matters of Agency interest. See Memo for Record for details.

5. [] JMM) Accompanied Colonel White and John Clarke who briefed Senator Stennis and Ed Braswell, Chief of Staff, Senate Armed Services Committee staff, regarding the Agency budget and refreshed the Senator's recollection on certain of our paramilitary operations and other matters. The Senator explained his concern about how to cope with questions regarding the Agency which might come up in current military authorization debates and speculated on the possibility of handling our budget authorizations differently in the future. He also asked for background material he could use on certain of our paramilitary activities, the history of the Laotian operations, the U-2 story, a list of senators briefed on Laos and similar operations, and a blind memo listing arguments against expanding the number of senators privy to CIA matters. (This material is being pulled together under Colonel White's direction.)

6. [] JMM) Met with Senator Henry Jackson (D., Wash.), of the Agency Subcommittee, and told him of our concern over the possibility that sensitive Agency matters might come up in the military authorization debate. Jackson said he would try to be helpful and would like to have from us a brief paper on how the []

Jackson also inquired about reports he had received on brutality and repression in Greece. I said many such reports were exaggerated but I would be glad to look into the specifics of the case he mentioned.

7. [] JMM) During a dinner conversation with Representative William Whitehurst, of the House Armed Services Committee, he commented that attacks on the House leadership and the seniority system had for the moment been effectively turned back. Whitehurst commented that since the position of our traditional protectors, Chairmen Rivers and Mahon, has thus been reinforced, the Agency will be relatively free from harassment by House critics unless the upcoming elections significantly change the complexion of Congress, which Whitehurst doubts.

25X1 5. [] - LLM) Called Mr. Allan Johnson, Office of Management and Budget, on the status of the Agency's proposed retirement legislation. He said that the only outstanding request for comment was with the Civil Service Commission and they expected to receive this report shortly.

25X1 6. [] JMM) Mr. Warner and I met with House Minority Leader Gerald Ford in connection with the request of Chairman Celler of the Special Subcommittee of House Judiciary to investigate charges against Justice Douglas for any information bearing on the case. See Memo for Record.

25X1 7. [] JMM) Ed Braswell, Senate Armed Services Committee staff, called to say that he had indications that since Fulbright, Symington and others might try to go into the Agency budget, its Laos operations, and other sensitive matters during the upcoming military authorization bill, Stennis wished to be able, in such event, to say that he has been fully briefed on the Agency budget, and would like to be armed with other material for use if debate on these issues materializes.

25X1 8. [] JMM) Discussed above problems with Bill Woodruff, Counsel, Senate Appropriations Committee, who is confined at home due to illness. Woodruff said that Senator Russell was in the hospital but as soon as possible he would try to acquaint Russell with the problem, and would also try to alert Senators Ellender, McClellan and Milton Young to be ready to resist on the floor efforts to probe into Agency sensitive matters.

25X1 4. [] - JMM) Met with William Woodruff, Counsel, Senate Appropriations Committee, and discussed our frustration over Senator Stennis' reluctance to convene our Armed Services Subcommittee. Woodruff said if we wished he would be glad to get Senator Russell's approval for a meeting of our Appropriations Subcommittee, whether Russell is in a position to attend or not. I said I would check this with the Director.

I asked Woodruff about the possibility of renewed efforts to set up an Agency watchdog committee as proposed by Senator Proxmire and others. Woodruff did not consider this a serious threat, but said if it materialized he thought our Appropriations Subcommittee would simply announce they plan to continue handling Agency appropriations and advise us to ignore the new joint committee, at least so far as our appropriations are concerned. Woodruff said that so long as the "present elder statesmen" on the Appropriations Committee were active, they could get by with this ploy.

25X1 5. [] - JMM) Accompanied Senator Barry Goldwater who visited Headquarters for a briefing and luncheon hosted by the Director. The briefing was in response to the Senator's letter of 15 July to the Director inquiring about ChiCom road construction in Southeast Asia and was chaired by DDI with the participation of Messrs. []

The Senator said he would particularly appreciate a copy of the unclassified and simplified large scale map which Mr. [] used in the briefing. Mr. [] is arranging this.

25X1A

Mr. Braswell explained privately that the Senator was concerned about questions he might get on the upcoming Meet the Press program where he is scheduled to appear Sunday. He said there was also concern about questions regarding Cambodia that might come up during the Defense Procurement debate beginning tomorrow, 23 July.

25X1A

Mr. Braswell also spoke of the rather remote possibility of a briefing of the CIA Subcommittee of Senate Armed Services on Thursday, 30 July 1970.

25X1

number of knowledgeable staff people have been collecting information
on this on Capitol Hill for some time. He said he personally had been

Mark Hatfield (R., Ore.). Mallicoat is a retired Navy captain.
